

Worldwide Responsible Accredited Production (WRAP)

Service information sheet. Sustainability and Supply Chain. Information checked 11 October 2026.

In brief

WRAP (Worldwide Responsible Accredited Production) certifies that factories operate lawfully, humanely and ethically, mainly in apparel and footwear. Audits are carried out by WRAP-accredited monitoring firms. ICFC helps facilities prepare with gap assessments, corrective action support and training.

What it is

WRAP is an independent certification programme for lawful, humane and ethical manufacturing, used mainly in apparel, footwear and sewn products. Facilities are audited against WRAP's principles by WRAP-accredited monitoring firms.

Who it is for

Apparel, footwear, textile and sewn-product manufacturers supplying international brands.

How ICFC helps

Service	What we offer
Audit	Third-party assessments: Certification is awarded under the scheme run by the WRAP organisation and its accredited monitoring firms. Where appointed, our auditors carry out assessments on behalf of the certification body; the certificate or mark is never issued by ICFC. Second-party audits: Supplier and partner checks against the scheme requirements, on behalf of your organisation. Readiness and internal audits: A pre-assessment that shows exactly what the formal assessment will look for, with a prioritised action list.
Consulting	Funding: We explain which scheme, if any, applies and what it requires before you commit. Non-grant: A fixed-scope engagement: gap assessment, documentation, implementation coaching, internal audit and management review, and support through the formal audit or assessment. How we work: Practical, proportionate systems that your staff can run after we leave.
Training	Classroom: Public and in-house classroom courses on WRAP: awareness, implementation and internal auditor levels. Online LMS: Self-paced and live-online courses on the ICFC Digital LMS, with progress tracking and certificates of completion. Funding: Funding depends on each course's approval status, shown on the course page in the LMS.

Funding

Not on the EDGE Standards list. We did not find this standard on the EDGE Standards list when we checked. Ask us about non-grant options or other schemes that may apply.

Impartiality

Impartiality comes first. Every engagement begins with a conflict-of-interest check. We keep consulting and auditing roles separate, and our auditors never audit, on behalf of a certification body, an organisation that ICFC has consulted on the same scope within the period set by that body.

Frequently asked questions

Q. Does ICFC issue WRAP certificates?

A. No. WRAP certification follows an audit by a WRAP-accredited monitoring firm. We help you prepare.

Q. What do WRAP principles cover?

A. Areas such as legal compliance, labour conditions, health and safety, environment and customs compliance.

Q. Is WRAP only for apparel?

A. It is mainly used for apparel, footwear and sewn products.

Q. Can it support customer audits?

A. Yes. Our second-party audits help brands check suppliers against similar principles.
